## 8 <u>Case Study</u>:

Rajesh was asked to represent his department at the Dussehra celebration committee meeting. It was customary to distribute dress materials (₹700 − 800 range) to employees during the Dussehra time as gift every year. There was an opinion among large number of employees at that time that some other useful items (home appliances line toaster, fans brief cases etc.) should be considered instead of the usual gifts. Rajesh discussed this matter with his colleagues in the department and it was their unanimous decision to support the change.

However some employees in other departments still preferred dress material. Rajesh went to the meeting hoping that gifts other than dress materials would be decided.
