ACKNOWLEDGEMENT

This thesis is the end of my journey in obtaining my under-graduate degree of Bachelor of Architecture. This thesis has been kept on track and been seen through to completion with the support and encouragement of numerous people including my guide, family, friends, wellwishers, colleagues and various other people. At the end of my thesis, it is a pleasant task to express my thanks to all those who contributed in many ways to the success of this study and made it an unforgettable experience of me.

My thesis on “Re-imagining public spaces in Bangalore”, would not have been possible without the initiative and guidance of my guide Professor Pooja Ugrani. This work would have not been possible without her guidance, support and constant encouragement and enthusiasm. Under her guidance, I successfully overcame many difficulties and learned a lot.

I am also extremely indebted to the faculty and staff of ANRVSA for their valuable support and guidance throughout my undergraduate academic career.

I'd also like to thank my former colleagues at MuseLAB, Mumbai for giving me the opportunity to intern in their studio and exposing me to new ways of looking at design and concept and development.

I am also greatly thankful to the city of Mumbai for its variety of public spaces and the people who use it for their generous, fun-loving and hardworking nature who made me fall in love with the city and its vibrant character.

I'd like to thank my family for constantly supporting me in everything I do and putting up with me during submissions and making sure I got sustenance in regular intervals.

A special thanks to my friends who supported me very patiently. For lending an ear when I needed it, for joining my mental breakdown and not making me feel alone and always willing to lend a hand.

PARADE PARK: RE-IMAGINING PUBLIC SPACES IN BANGALORE

*An Urban Park and Civic Engagement Center
with a focus on gender-sensitivity*

Parade Park will be a public space at the heart of Bangalore city that will serve as a congregation space for people of all walks of life. The park will serve as an alternative to traditional public spaces in the city catering to the needs of Bangalore's new demographic. The Civic exchange center relooks at what the Parade ground represents for the city today and become a space for civic empowerment and awareness.
