Prof. Sheeraz Zaidi  
Dean, Acharya's NRV school of Architecture- BANGALORE

Prof. Siby kuriakose(Thesis internal guide)

External examiner 1

External examiner 2

# ACKNOWLEDGEMENTS

The successful completion of this thesis would not have been possible without the valuable contributions of several individuals.

I am highly indebted to my thesis guides, Assistant Prof. SIBY, for the backing, support and guidance throughout the duration of the thesis.

I thank them for providing me with valuable inputs which helped me fulfil the requirements of the thesis.

I'd also like to express my gratitude to Prof. Anjana Biradar, Prof. Priyanka M, Prof. Priya Joseph, Prof. Fatima, Prof. Pooja Ugrani, Prof. Neha Mahender, Prof. Pradipto and Prof. Madan M for their patience, wisdom, and guidance at times when I faced specific difficulties.

Further, I extend gratitude to Prof. Sheeraz Zaidi (HOD Architecture, A.N.R.V.S.A) for his support and encouragement. I'm grateful to the professors and teaching staff of our department, for the knowledge they have imparted to me over the last four years.

DEEPA G

## PREFACE:

The present education system is still focussed on scoring high marks in examinations that test a limited range of skills, mostly academic. The fact that each child is different is ignored in a majority of schools. Children are railroaded into a testing culture that squeezes out the joy of learning and turns schools into “factories”

Hence, there is a need to soften the system. Alternate education is a pathway to alternate visions and possibilities. The teaching should be child centric and should focus on developing the child as a whole.
