ACKNOWLEDGEMENT

I, Merina Benny would like to take a moment to thank all those who were an integral part of my journey which helped me understand and deduce the ideas of my project.

I would like to thank my thesis co-ordinator, Ar. Siby Kuriakose who stood by me and constantly pushed me to challenge my potential at every corner.

I would also like to thank my other faculty, Ar. Mallikarjun , Ar. Priya Joseph for their constant support.

Last but not the least I would like to express my sincere gratitude to my friends and family who are my pillars of strength now and always and without whom this would not be possible.
