Seventh Semester B.Arch. Degree Examination, Dec.2019/Jan.2020
Landscape Architecture

Time: 3 hrs.

Max. Marks:100

Note: Answer any FIVE full questions.

- 1 With the help of neat sketches, explain different forms/shapes of the trees with two examples each. Elaborate the design functionality of the same. (20 Marks)
- 2 What is the approach you would adopt for landscape design of a street scope? Explain with illustrations and site furniture involved. (20 Marks)
- 3 Define and sketch any five of the below landscape elements:
 - a. Parterres
 - b. Arbon
 - c. Pleaching
 - d. Topiary
 - e. Trellise
 - f. Grottoes
 - g. Bandstand. (20 Marks)
- 4 Write about any one landscape architect who inspires you along with their Ideologies, Concepts and examples of their work. (20 Marks)
- 5 How is water as an element used in Landscape Architecture? Give notes along with neat sketches. (20 Marks)
- 6 What is the difference between English gardens and French gardens? Discuss with example. (20 Marks)
- 7 Write notes on all the factors involved in site analysis, with an example. (20 Marks)
- 8 You need to design a part of an open space for the primary school situated between the class rooms and the dining hall. The site measures 10m × 12m. Consider 10m oriented towards North and south to be adjacent to class rooms and dining hall respectively and 12m towards East and West with a low fencing next to it come up with a detail plan, 2 sectional-elevations and 2 sketches for the same. (Assume the function and the requirements for the space according to your design). (20 Marks)

Important Note : 1. On completing your answers, compulsorily draw diagonal cross lines on the remaining blank pages.
2. Any revealing of identification, appeal to evaluator and /or equations written eg, 42+8 = 50, will be treated as malpractice.
