ACKNOWLEDGEMENT

First and foremost, I offer my deepest gratitude to my guide Ar. G KOMALI RAO, who has supported me throughout my thesis project with her patience and knowledge, giving me helpful inputs and the room to work in my own ways. I thank her excellent guidance and for providing me a good atmosphere for conducting my research.

I would like to express my sincere appreciation and gratitude to Ar. Sheeraz Zadi (Dean, A.N.R.V.S.A) for giving us the inspiration and support that was required.

I would like to thank all my professors for guiding me all these years to this stage. I wouldn't have accomplished this project without the knowledge they imparted in the last 4 years

Last but not the least I thank my family and friends for their constant support and understanding me during the course of this project

OCEANARIUM

The Thesis topic I have chose is Oceanarium. Living along the coastline brings the inhabitants with close contact to the sea every now and then. An oceanarium is as an essential part of this sea front development as it tells us that how beauty lies within this enigmatic sea, it is in itself a sea enclosed within an edifice. It also helps the research work going on regarding the sea and its creature.
