ACKNOWLEDGEMENT

First and the Foremost, I would like to thank the energies and angels guiding me throughout the path undiscovered, for keeping me sane and mindful through the difficulties.

I would like express my gratitude towards my Guide Ar. Suptha Rao for guiding me through the process and passing the words of wisdom and encouragement when the path wasn't clear.

I would also extend my gratitude to the principal of ANRVSA, Ar. Sanjyot Shah for keeping our spirits high and supporting us through thick and thin.

I deeply express my gratitude to Ar. Swapnil Valvatkar, principal architect, Collage Architecture Studio for providing me with the perspectives that helped me understand and decipher patterns to design.

My deepest gratitude to my parents and my Baka brother who stood by me in difficult times and had more than enough patience to understand and support through my thesis, I love you all.

Lastly, I would like thank my friends, my stress busters throughout thesis who are also my partial advisors for design. Special mention to Prateek Vikal without whom all-nighters wouldn't have been possible.

Also, I would extend my thanks to Srishti, who helped me filter and find contents for my research and to Idris, who is by my side always.

ANNEXURE I
