	c.	Elaborate the model of Perceptual Process.	10	L2	CO2		
Q.8	<p style="text-align: center;"><b><u>CASE STUDY (Compulsory)</u></b></p> <p>Rajesh, an IIMB graduate, was appointed as the CEO of Techno consultancy Ltd. Techno developed software packages for finance companies and banks. The ambience of Techno consultancy was rather relaxed with a flat organizational structure. Being a software house, it was natural for programmers and managers to mingle freely with each other. The company promoted a friendly unstructured atmosphere to gel with its nature of business. The average age of a techno employee was 25-27 years. Before Rajesh took over as the CEO, Suraj Sharma, an IITian, was heading Techno consultancy for nearly 4 years. Suraj Sharma was known for his down-to-earth and amicable approach. Out of the total staff of 167 employees, anyone could walk up to him and freely discuss his problems with him. He enjoyed the week-end "Film hours" with his employees when the company would give snacks and tea to all the employees and allow them time and space to enjoy themselves. Techno consultancy has seen a steady growth under him, which intangible terms meant an increase in business turnover of up to Rs.85 crores. His decision to leave for USA came as a shock to all the employees and when the new appointee Rajesh joined techno consultancy, there was apprehension in the air. Rajesh of course, had an excellent track record, with a sound computer engineering degree and the added management qualification from IIMB.</p> <p>Within a few days of taking charge Rajesh introduced a few changes. He saw no value in "Film hours" and decided to discontinue this practice. He also insisted that employees first check with his personal assistant and then meet him. Moreover, when one of the programmers remained absent for more than 2 days without any intimation, Rajesh used strong words to communicate his displeasure to Vasista, the project leader, to whose team the programmer belonged. Vasista obviously found Rajesh strongly opinionated because he realized that Rajesh was not prepared to buy his explanation for the absence. One particular project team ran into trouble chasing the deadline. Rajesh minced no words in communicating to the project manager, Rahul, that if the project was not completed within next 2 weeks, then he may be forced to assign the project to another team. Ofcourse, by now the office 'grapevine' was a buzz that Rajesh has an 'Attitude' problem. In the meanwhile, Rahul resigned along with two other programmers from his team. During the first 6 months, the company showed a slight drop in its profitability. The company's employee turnover went up by whopping 10%. The managing director. Mr. Sadhashiva Murthy was a worried man, he invited Rajesh for a meeting to discuss the issue.</p> <p><u>Questions:</u></p> <p>a. Identify various problems in the leadership style of Rajesh. 5 L5 CO4</p> <p>b. Analyze the leadership style of Suraj Sharma. 5 L5 CO4</p> <p>c. If you were Mr. Sadhashiva Murthy, what course of action you would have initiated. 5 L5 CO4</p> <p>d. In this context state the qualities of a ideal leader. 5 L5 CO4</p>
