ACKNOWLEDGEMENT

I am honored to express my gratitude and appreciation to everyone who has contributed to the successful completion of my thesis.

First and foremost, I would like to express my heartfelt gratitude to my thesis guide Prof. Ar. Sanjyot Shah for his valuable guidance, unwavering support, encouragement and endless patience throughout this process. His constructive feedback and insightful comments have been instrumental in shaping and refining my research.

I am grateful to the faculty members who have generously shared their knowledge and expertise with me. Their lectures, discussions, and feedback have enriched my understanding of the subject matter and broadened my horizons.

I am also grateful to my mother Bhargavi who had been my moral support as well as driving force behind this project. Finally, I would like to express my appreciation to my family and friends for their encouragement, motivation, and inspiring discussions.

This journey has been a significant and transformative experience, and I am grateful to those who have contributed their time and expertise. and I hope that my work will contribute to the advancement of knowledge in the field of architecture

ABSTRACT

This proposal outlines the idea for a cultural theme park in Karnataka that would highlight the state's rich and varied cultures. The park would offer a distinctive and immersive experience for visitors of all ages, providing a fun and educational way to learn about Karnataka's history, art, music, dance, cuisine, and traditions.

The park would feature a range of interactive displays, live acts, performances, educational programs and activities. Hands-on activities like crafting traditional handicrafts, taking part in folk dances, and sampling traditional cuisine etc. which would help visitors to know more about Karnataka's culture.

Additionally, the park would regularly hold cultural festivals and activities that would provide guests a personal look at Karnataka culture.

Here the main focus is to create a peaceful areas and recreational opportunities for visitors to escape the daily grind, which would help people connect with nature. The main concept is to provide guests with memorable experiences and enchanting spaces. There will be attractions at the park that let guests engage in both interactive and hands-on activities.

As socially engaging areas and vacation spots are essential to energizing people in this technological era.

The cultural theme park will be a great addition to Karnataka, offering locals as well as tourists alike a distinctive place to visit. It would be a location where people of all ages could celebrate and learn about the rich cultural diversity of Karnataka.
